USEF Membership Number 4792569
IFSHA Membership Number 1768
FHANA Membership Number 4162

I have been one of the IFSHA awards program auditors for the past two competition years, responsible for auditing back to the IFSHA program requirements while also auditing to the USEF reporting mechanisms and the USDF.

I have a three year old Friesian stallion. I am an Amateur competitor who will represent those who are new to the show world and those who have been regulars to our shows.

I have also worked to promote the Friesian horse at the past three Pomona Equine Affaires. I believe I will bring an honest and amateur layman's outlook to the IFSHA Board of Directors.

I have attended a number of the recognized competitions since 2005, throughout Region 9 and 10, and have volunteered at the horse show level working at tasks needed by IFSHA, also assisting competitors with their needs as well.

I see IFSHA bringing together all Friesians in the show ring. The need to extend what IFSHA has to offer to Friesian owners; working to get the word out to all regions of the country regarding shows in their area via email blasts to members in that area and encouraging all members to bring their horses out in friendly competition is great.

There is an obligation to empower our membership with the knowledge of what classes they want in a show and the ability to communicate with show managers those needs and wants.

I am a retired Legal Secretary by profession, and am familiar with the constructive use of Robert's Rules. I am a no nonsense, down to earth person who is looking to promote the Friesian breed in whatever discipline the horse is most comfortable applying itself in.

I have survived three children, who have all survived as well. I am a negotiator and look at issues from all views. Most people look at the world dead on, I tend to look at it sideways.

Please feel free to contact me if you have any questions. My email address and phone number are listed above.

Thank you for this opportunity to tell you a little bit about myself.
